CONGRATULATIONS from the EUROPEAN ATOMIC ENERGY SOCIETY - EAES

Dear Dr. Fritz
Dear Dr. Möller

At the occasion of the 50 years of your Forschungszentrum Karlsruhe in der Helmholtz Gemeinschaft, I have the honour and the pleasure to congratulate you in the name of the EAES and in my personal name.

As many of our European research centres, the FZK has gone through many changes but you realised to give it such a new start that it seems forever young.

I thank you for the friendly invitation for your celebration on July 19, 2006 and apologise for not being with you.

Of course we will have another beautiful occasion to raise our glasses with you at the 2007 Combined Meeting in Baden-Baden, next year. As a way of sharing these wishes with all members of the EAES, we will put these congratulations on the portal website of the EAES.

I wish the FZK all the best for the future.

Yours sincerely

Ludo Veuchelen
Executive Vice President EAES
